

**CANDIDATE FOR DIRECTOR
BALDY MESA WATER DISTRICT**

NAME: NORMAN MILLER

OCCUPATION: Retired

I am married, have two children and three grandchildren. I graduated from high school was honorably discharged from the U. S. Air Force. I have been living in Victorville for over 25 years and started going to the Baldy Mesa WATER Board meetings after moving up here permanently in 1999. I have attended more board meetings since then than any single Board Member has.

My main reason for running to be on the water board is because I believe it is time to get some new and fresh ideas. The former General Manager had turned this district into a "GOOD OLD BOY'S CLUB", spending money foolishly and unnecessarily. Some of that spending is over now, and that is good. We have a new Interim General Manager now and he is doing a great job running our district.

And, I also want to be sure that whatever the future holds for the Baldy Mesa Water District it will be for the benefit of the rate payers and not the politicians. My water bill goes up or down just like yours and I will do all I can to keep our bills as low as possible.
